

A woman with long dark hair is smiling warmly as she holds a baby. The baby is wearing a white sweater with a colorful geometric pattern in red, yellow, and grey, blue denim jeans with rolled-up cuffs, and light-colored shoes. The woman is wearing a light beige coat. The background is a simple, light-colored wall.

Dare to Roam

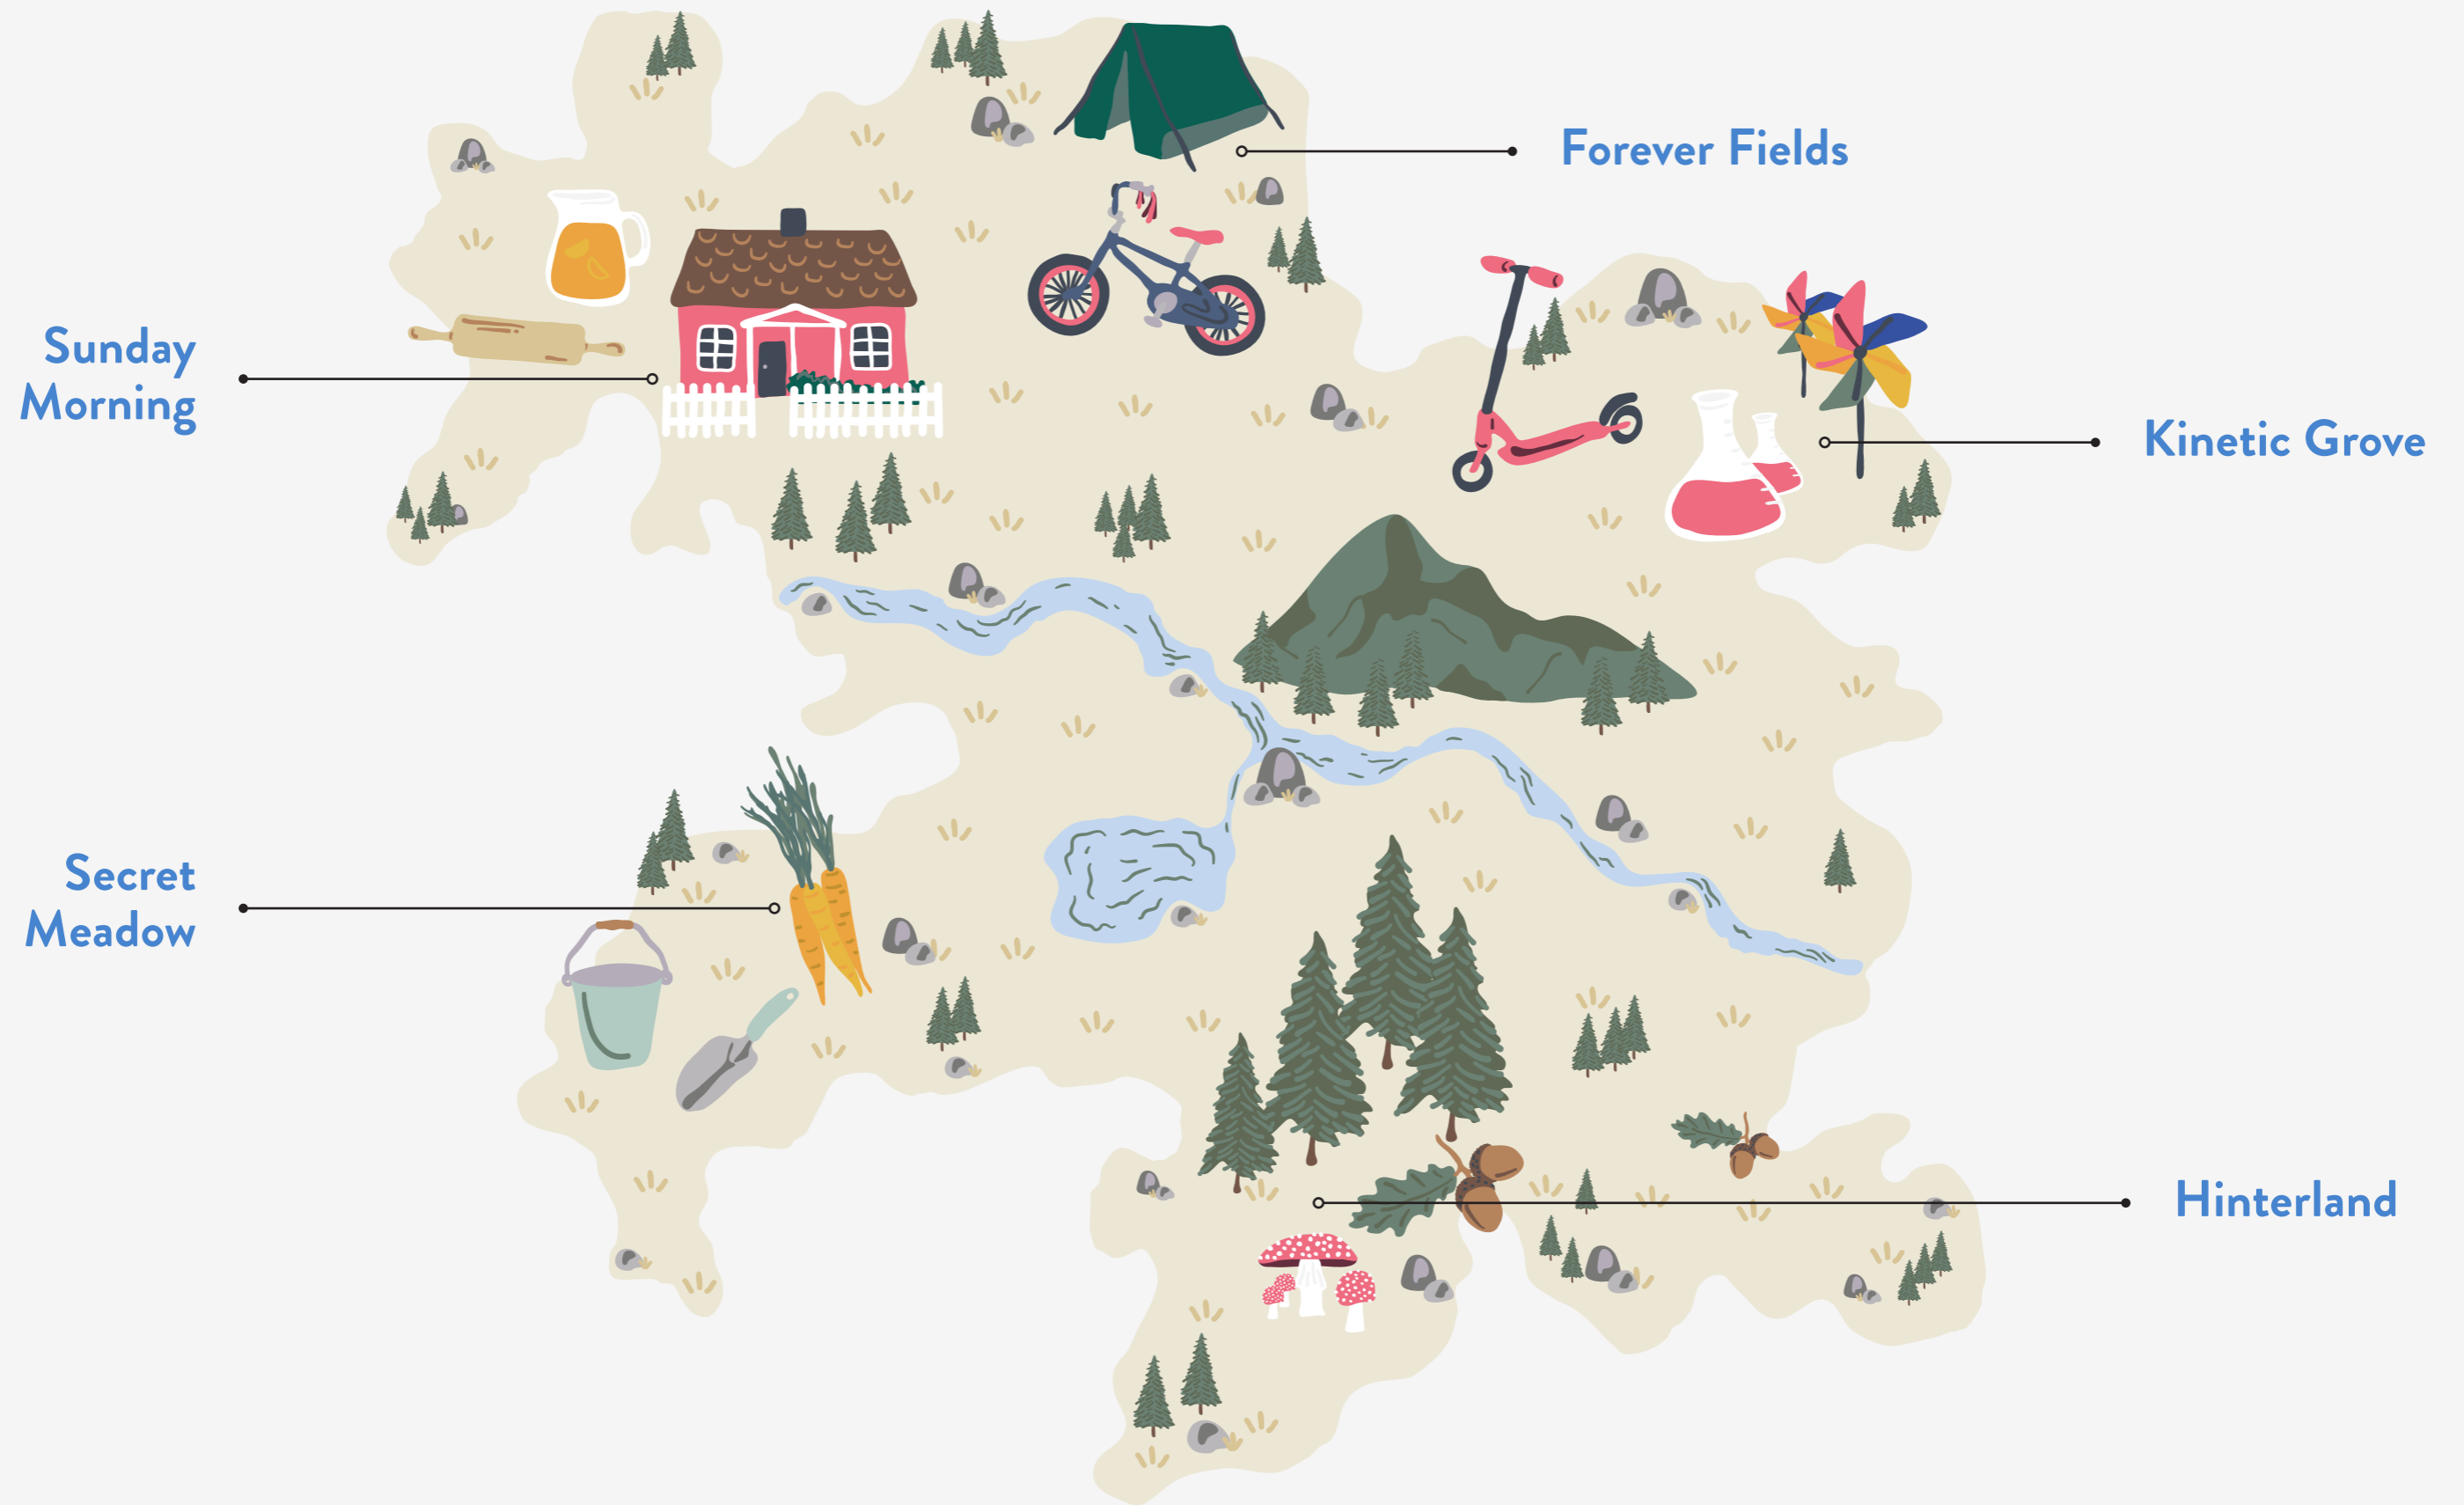

Dare To Roam starts by making maps to secret spots so our kids can get lost in a world of play, making every day an adventure. We will tell this tale through five Feature Stories, each a unique destination to explore, with the right shoes to match.

Our 2023 range is rooted in nature, with even more products produced with the planet in mind. For the first time, we are introducing Vege Tanned Leather - simply because it's better for our world. Our global footprint is lasting and we must leave the right impression.

We live for adventure and we believe the more good we put into the next generation and the world they live in, the better. Every run, hop, skip and jump helps grow our children's future together.

Come Roam with us!

Sunday Morning

Sunday Morning is a collection that knows how to make an adventure at home. It's about taking time to be together to make the everyday memorable. We're delighting in pancakes, crafts and windowsill gardens. Think soft leathers in calming, earthy hues re-engineered on a contemporary, street-inspired off-white sole.

Forever Fields

When we reach the Forever Fields, it's time to load up our backpacks and take the kids camping. We're lapping up a dose of nostalgia with a 70s vibe and switching off. Quirks are there to be proud of – think unique detailing in embossed finishes, gentle golds and vibrant lilacs. The practical is hidden in the fun on this adventure.

Kinetic Grove

Twirling into Kinetic Grove, we make a racket. It's time to let loose. Young toes have been dipped in a rainbow so we're celebrating motion and movement. Innovation is at the heart of this story, with shoes designed to empower active, progressing movement. It's a child's world and we're just lucky to be in it!

Hinterland

The Hinterland is where we pick up the pace on our journey.

It's deep-diving into fairy-tales, choosing classic shoes to climb up tangled trees and skip through too-long grass. Footwear that boasts new textural features that twinkle in the woods, and the care and quality to nurture the development those little feet need.

Secret Meadow

Our next stop on the map is Secret Meadow – a place to get our hands dirty. We enter a utopia where farm to table is the norm and wild flowers grow. A story that introduces and visually tells the tale of Vege Tanned Leather, showing the gentle pastel hue gifted by Mother Nature and the enduring styles Bobux are known for.
